All the cases in this Mega Lok Adalat were petitioned by BSNL. Though about 400 summons were distributed, only 38 cases were registered, out of which 33 cases were settled and 5 pending cases. The settled amount was 1,40,485 (one lakh fourty thousand four eighty five).

In the past, BSNL Lunglei had often tried to use Lok Adalat to recover unpaid bills, but was mostly unsuccessful. The poor turn-up was due to the dissatisfaction of the BSNL customers. They complained that the BSNL service in Lunglei was too poor and hence some customers mutually agreed not to attend the Lok Adalats. This Mega Lok Adalat had been the most successful so far in terms of case registered, case settled and amount settled.
